Appendix

Excerpt from the examination regulations for the continuing education Master's degree programme in Diaconic Management (MADM) with a Master of Arts degree dated 15 December 2021*

§ 3 Qualification (approval) and admission to the programme, status of participants and contributions

(...)

- (2) Approval for the International Diaconic Management (IMADM) degree programme is granted to those who
- have a first professionally qualifying degree with a standard period of study of at least six semesters (equivalent to 180 CP) at a university within the scope of the Basic Law, which qualifies in the sense of paragraph 3,
 - have at least three years of relevant professional experience (management experience) in the social and health care sector, primarily in the field of diaconia and Caritas, and has knowledge of English at level B2.

Any further knowledge and qualifications acquired can be taken into account if they are intended to compensate for the lack of qualification requirements for the first vocational qualification degree.

(...)

(5) Applicants with a first professionally qualifying degree obtained at a foreign state or state-recognised university may be granted approval, provided that there is no significant difference between the competences acquired with the degree and those of a national first professionally qualifying degree that entitles the applicant to a Master's degree. The following also apply:
