## TRAINING

# Peacebuilding, Mediation and Advocacy Training

**1–11 October 2026 | Negombo, Sri Lanka**

**How can churches and faith-based organisations respond to conflict, discrimination, and injustice in ways that promote peace and reconciliation?** This international training in Sri Lanka invites practitioners involved in advocacy, justice, and peacebuilding work to learn, reflect, and exchange together.

Participants will strengthen their skills in conflict analysis, mediation, conflict transformation, and advocacy through practical exercises, peer learning, and exposure visits. The programme also offers an opportunity to learn from the experiences of churches and civil society in Sri Lanka and to explore concrete approaches to peacebuilding and reconciliation in diverse contexts.

## **Participation**

A participation fee of EUR 1,200 applies. Participants are also asked to cover their travel costs to Sri Lanka.
