UEM South-North Volunteer Program 2022/2023

The Call for applications for the South-North Volunteer program of United Evangelical Mission is now open. UEM invites all member churches to participate in the program.

The deadline for sending your proposal of candidates toward UEM Officer for South-North Volunteer Program is **August 29th 2021** by the latest. Late applications will not be considered.

What is UEM's South-North Volunteer Program?

The South- North Volunteer program is a chance for young people to get to know other cultures, encounter life in a foreign cultural context, and expose and work in an environment different from one's own.

With this Call for application, United Evangelical Mission is inviting 15 young people from Africa and Asia to participate in the South-North volunteer program. Volunteers have the chance to grow personally in an informal learning process during their one-year-voluntary service in Germany, establish cross-cultural competence and intercultural leadership skills by working alongside those with a different background and viewpoints. They can learn about, contribute to existing partnerships, and build up new ones. After their voluntary service, the returnees can share what they have learned during their service with their own communities and networks at home. Host institutions in Germany get the chance to receive highly motivated volunteers that may bring in a new, different understanding of every day working culture, new perspectives and insights.

The South-North Volunteer program runs annually from April to end of March. Applicants should be available from January 2019 to prepare for their service and attend a German language course if necessary.

What is weltwärts?

Since 2016, all South-North volunteers of UEM participate in the *weltwärts* program, a program by the Federal Ministry for Economic Cooperation and Development (BMZ). Please note: since all South-North Volunteers are taking part in *weltwärts*, our South-North Voluntary program is a development service, it is not a missionary!

What placements are there?

All volunteers will be placed in a field of social work, often in a church-related environment.

Our placements might be in youth centers, in schools, in kindergartens or in organizations with a focus on disabled people, adult education, working with refugees or elderly people, within civil society organization doing secular community based work.

Who can apply?

For the South-North volunteer program, the main target group are African and Asian youth between 18-28 years who have finished their secondary or tertiary education. We also highly encourage applications from people with

disability. The youth should be active in at least one area of activity of the sending organization and should have the full support of their sending member and congregation.

All UEM Members in Africa and Asia are invited to apply, their candidates should be active members of their church, ideally in youth leadership roles, suitable to take over leadership roles in the future and enjoy the full support of the church, expressed by the church's endorsement.

What are the requirements?

Applicants should

- be available from January December 2021. This schedule includes a German language course in the home country of the applicant
