To the General Secretary of MEU  
At Wuppertal/Germany

Objet: *Our prayers and Sympathy*

Dear General Secretary,

May grace and peace be granted to you by God our Father and Jesus Christ our Lord and Savior during this very challenging time.

We heard with pain what has happened there in Germany about the heavy rain which brought catastrophic flooding that killed at least 58 persons, damaged houses, belongings. We heard that many families have lost their loved ones due to this flooding. We feel sorry for that.

That's why we want you to know that we are with you. We are praying to God with you. We are holding up all those who are in trouble in our prayers. We pray that the Lord God will intervene in this tragedy and assist those who are mourning their loved ones and protect those who are homeless and need assistance, especially our brothers and sisters from MEU.

Once more, be assured of our prayers and support during this challenging time that German and the surroundings are going through.

Yours,

Rev. Dr. André Bokundoa-bo-Likabe  
National President
